Purpose / Vision

FitBuddy - AI Fitness Plan Generator using Gemini Models

1. CUSTOMER SEGMENT(S) Who is your customer? • Students and young adults who want to improve fitness • Beginners who need simple guidance • Users looking for personalized workout planning	6. CUSTOMER NEEDS / SOLUTION VALUE What should the ideal experience provide? • Personalized 7-day workout plan • Exercise and intensity suggestions • Nutrition and recovery guidance • Simple progress tracking and feedback	5. AVAILABLE SOLUTIONS Which solutions are already available and what are their limitations? • Generic workout apps and videos • Fitness websites and online plans • Personal trainers Limitation: guidance may be generic, scattered, costly, or less adaptable to user feedback.
2. JOBS-TO-BE-DONE / PROBLEMS Which jobs-to-be-done or problems do customers need to address? • Create a workout routine that matches personal goals • Choose suitable exercises and intensity • Maintain consistency and track progress • Get workout, nutrition and recovery guidance in one place	9. PROBLEM ROOT CAUSE What is the root cause behind the problem? • Generic plans do not consider individual preferences and goals • Users may not know suitable exercise intensity • Fitness and recovery information is scattered • Plans may not adapt easily to feedback	7. BEHAVIOUR What does the customer do to address the problem? • Searches online for exercises • Uses fitness apps or videos • Saves workout routines • Changes routines based on progress or feedback
3. TRIGGERS What triggers customers to act? • Starting a new fitness routine • Setting a new fitness goal 4. EMOTIONS: BEFORE / AFTER How do customers feel before and after using the solution? Before: confused, unsure, and inconsistent. After: more organized, informed, and confident about following a suitable routine.	10. YOUR SOLUTION Current solution idea and how it matches customer needs FitBuddy uses Gemini AI to generate a personalized 7-day workout plan from user-provided fitness details and goals. It combines workout, nutrition and recovery guidance, supports progress feedback, and can store plans locally for continued access.	8. CHANNELS OF BEHAVIOUR Where do customers discover and use fitness solutions? Online: mobile/web apps, search engines, social media, fitness videos. Offline: gym, home workouts, college/community fitness activities.
